EDITORIAL INTELLIGENCE NETWORK CLUB

Be a Name, not a Number. Be Connected. Let Us Introduce You.

eiNetwork & Names Not Numbers from Editorial Intelligence brings you new networks and introduces our extensive contacts across the worlds of business, culture, digital, academia, politics, media and public life in the UK.

Perhaps you are an owner-manager, a 'solopreneur', out there making your own luck. Perhaps you want to break beyond a silo (Network science shows diversity is key to success: knowing people outside your usual field of view).

eiNetwork annual membership gives you and a guest access to 4 premium networks and events throughout the year with salons, suppers, one-off events: Programmes are published quarterly in advance for diary planning purposes.

NAMES NOT NUMBERS - flagship conference in London (March) and Oxford (Sept)
NETWORKING NATIONS - forums in London, New York, Brussels
COMMENT AWARDS & COMMENT CONFERENCE - the 'BAFTAS' of media
EARLY RISERS - training and networking 'gym' for a new talent pool of executives
